FlexiMining - Beta Test Manual - Active

FlexiMining Through COTX Hotspot Cloud Service

General Requirement:

Login our **Test Site**: <https://test.cotx-sg.io/login> , you can use your login credential of the product site (<https://cotx-sg.io/login>) to login this test site.

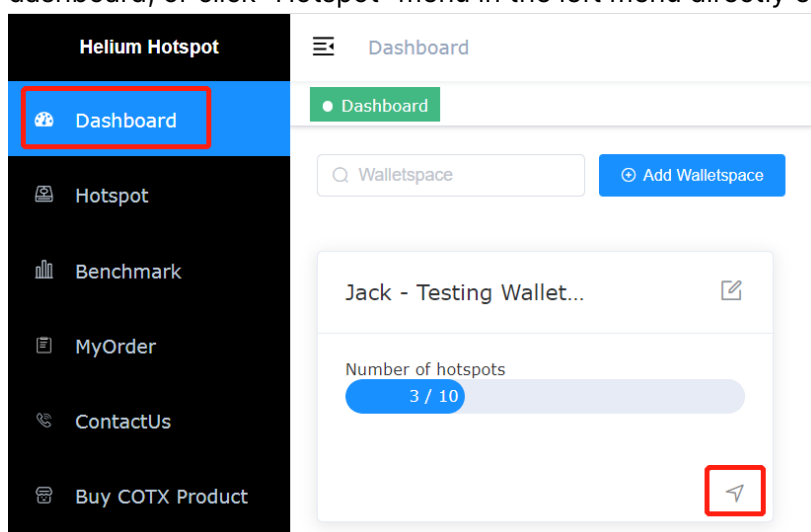

This is a test site, but all hotspots are in the **production** environment. All the payment are **REAL**. Once you enable a FlexiMining app, it is actually enabled the app in your X3, and you will be charged for FlexiMining service fee every 3 month.

So, please read through [COTX FlexiMining Terms of Service](#) and agree the terms before you take any action.

FlexiMining - Mysterium Beta Test - Enable Mysterium through COTX Hotspot Cloud Service - test.cotx-sg.io

For all the existing Mysterium Beta Test customers, you've got 3 month free use of the FlexiMining - Mysterium app. And you will be charged 3 months later. If you want to keep on using FlexiMining - Mysterium mining app 3 month later, please follow the following process to provide your payment information, so it you would be automatically charged 3 month later.

Login <https://test.cotx-sg.io/login>, Enter your walletspace, click the arrow into your Hotspot dashboard; or click "Hotspot" menu in the left menu directly enter your Hotspot dashboard;

You may click the shopping cart icon, to trigger the payment to enable the FlexiMining app.
